

Our range of adjustable harnesses and postural belts are designed for comfort whilst offering varying levels of support and positioning.

Made of soft neoprene pads and backed with breathable spacer fabric, all harnesses have webbing sewn directly to harnesses so there are no buckles, providing optimum comfort and support.

**Y-Harness**

Targeted support over one shoulder, helping to control and reduce shoulder/trunk rotation.

**Dynamic Butterfly Harness**

Provides flexible trunk support to maximise comfort.

**Shoulder Harness**

Good shoulder and trunk support, maximising postural stability.

**Dynamic Chest Band**

Large pads provide maximum trunk stability and comfort.

**Pelvic Belt**

Designed to provide firm but comfortable pelvic support and positioning.
