

The Consolor Moulded Seating System (MSS) is the lightest form of custom seating and is ideal for corrective positioning. This versatile seat is designed to offer optimum support and pressure relief.

## Benefits of MSS

- Offers excellent pressure relief and management as well as weight distribution
- Very accurate shape replication allowing the user can sit for longer periods of time whilst still maintaining comfort
- Nearly any shape can be achieved making it ideal for the accomodation of severe postural needs
- Low maintenance requirements
- The seat has a padded upholstery cover tailored to the unique shape of the seat, which is also easily removed for cleaning purposes
- Different types and combinations of foam can be used to ensure that the required levels of pressure relief and support are provided
- Option of a flex-joint can be implemented to offer controlled movement and variation, offering a dynamic sitting

Consolor is ISO 9001 accredited
